

21st U.S. CAR & VAN REUNION

(May, 21-22, Lignano Sabbiadoro, Italy)

The oldest Italian U.S. Car Meeting

The 21st U.S. Car Reunion is the oldest American Cars Meeting in Italy and every year registers a great international success.

As usual the event takes place during all WE but the top is on Sunday during the 30th Biker Fest International (www.bikerfest.it for complete program of all WE) thanks to the collaboration of Cruisin' Magazine and the US Car Club Old School Garage.

If the weather is ok more than 150 American cars gather Lignano and crowd the parking place in front of the amusement park "Strabilia".

A lot of cars arrive even from Austria, Germany, Slovenia, Hungary and Croatia, offering to the public a really amazing view.

The organizers are happy to welcome even different vehicles coming from the U.S. Military bases in Aviano (Pordenone) and Ederle (Vicenza). On Sunday at 11 a.m. the parade rides through the main streets of Lignano Sabbiadoro and Pineta, charming all people with the sparkling colours of cars and the powerful sound of great V8 engines.

American Cars owners have the chance to taste the good food offered by numerous catering stands and to dance with the lively music.
